

PBRC Super Series — RECONG6 Intel

Wednesday — Arrival & Adventure

Participants should check in at G-Central, located either at Woody's Filling Station or the Pavilion depending on the time of arrival. Look for posted signs throughout the campground. To expedite registration, we strongly recommend completing your waiver form in advance using the waiver link provided on the event page. We'll kick off Super Series week with a classic Blue Rocks favorite featuring scenic trail driving, exploration, technical terrain, and classic RECONG6-style adventure led by Brian Parker. **Blue Rocks Family Campground Adventure Challenge**

Thursday — Expedition & Endurance

Thursday features multiple experiences occurring concurrently throughout the day. **The Fix Enduro** Presented by Boom Racing A full-day endurance-focused driving experience featuring 3-hour, 6-hour, and 12-hour classes built around precision driving, terrain management, navigation, recovery strategy, and scale realism. The Fix Enduro challenges drivers to balance consistency, vehicle preservation, smart decision-making, and trail discipline across extended adventure-focused courses. **Dromedar Trophy Truck Experience** Open exhibition and preview trail sessions introducing drivers to the Dromedar Trophy Truck format, terrain style, and high-speed scale adventure experience. **PBRC Trail Systems Open** Additional trails will remain open throughout the day for exploration, casual trail runs, shakedown runs, free driving, and the opportunity to begin your RECONG6 experience beyond the organized events.

Friday — Team Challenge Day

Tough Truck Challenge

Presented by Braven Off-Road Technical driving and obstacle-focused terrain spread across multiple scored stages designed to test driver precision, recovery strategy, and vehicle capability. **Ultimate Team Adventure Challenge (UTAC)** A cooperative RECONG6 signature event focused on teamwork, navigation, communication, endurance, and shared recovery strategy.

Saturday — Showcase & Finale

All PBRC Trails Open Following the drivers meeting, participants will take part in a hands-on recovery clinic hosted on the Dromedar Trophy Truck Experience course. The clinic will focus on practical

demonstrations and real-world use of recovery tools and techniques. This is a hands-on event — bring your trucks, recovery gear, and your desire to have some fun. **Show & Shine** Following lunch, drivers are invited to showcase scale craftsmanship, detail work, realism, weathering, custom builds, and creativity during the Show & Shine. **Tekin Terracross** The ever-popular Tekin Terracross returns with fast-paced head-to-head racing across mixed terrain, technical obstacles, elevation changes, and unpredictable course conditions. Combining speed, control, recovery, and driver precision, Terracross delivers high-energy competition and an exciting spectator experience to close out Super Series weekend. Following a brief dinner break, participants will conclude the evening with the Super Series Awards Ceremony.
